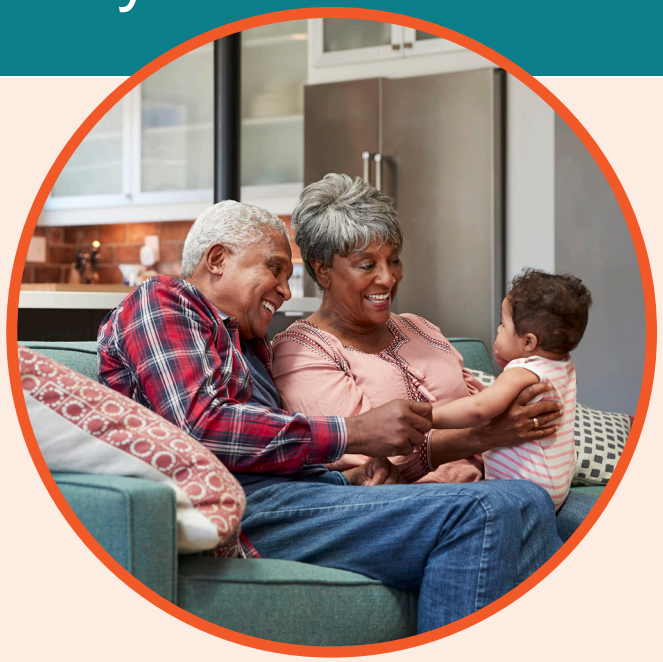
Protect Your Home. Plan for Your Loved Ones

For Free — If You Qualify.



It's your home. Let's make sure your loved ones keep it.

Many people don't have a plan for what happens to their home after they're gone. That can lead to problems like court delays, family fights, or losing the home.

We can help you make a plan.

Free Help from Experts

We'll connect you to a trusted lawyer or legal team who can:

- Talk with you about your wishes
- Help fill out the right legal forms
- Make a plan to protect your home and loved ones

This help is **free** — for those who qualify — and **trustworthy** from experts with years of experience. Services are available in your language.

What is Estate Planning?

Estate planning includes writing down what you want to happen to your home and belongings after you pass away, and choosing trusted people to help you with medical, legal, and financial things while you are still alive. It can include:

- A will to say who gets what, including your home
- A power of attorney so someone can handle your legal and financial needs if you're not able to
- Understanding of recent New York State laws that protect you and anything you own

Take the first step today.

Call the Homeowner Hub at **(646) 786-0888** and ask about estate planning.
Or visit **HomeownerHelpNY.org**.
